

a history of psychology pdf

Today, psychology is defined as "the scientific study of behavior and mental processes." Philosophical interest in the mind and behavior dates back to the ancient civilizations of Egypt, Persia, Greece, China, and India.

History of psychology - Wikipedia

History of Psychology features refereed articles addressing all aspects of psychology's past and of its interrelationship with the many contexts within which it has emerged and has been practiced.

History of Psychology

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest.
