Campaign finance reform is the political effort in the United States to change the involvement of money in politics, primarily in political campaigns.. Although attempts to regulate campaign finance by legislation date back to 1867, the modern era of "campaign finance reform" in the United States begins with the passage of the Federal Election Campaign Act (FECA) of 1971 and, more importantly ...

Campaign finance reform in the United States - Wikipedia

In finance, a haircut is the difference between the market value of an asset used as loan collateral and the value ascribed to that asset when used as collateral for that loan (i.e. an ascribed (nominal) reduction to the value of that asset, when it is used as collateral). The amount of the haircut reflects the perceived risk of the asset falling in value or being sold in a fire sale; the ...

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
