

pest and diseases of pdf

Crop Pests and Diseases. A manual on the most important pests and diseases of the major food crops grown by smallholder farmers in Africa. These include: cassava, banana, sorghum, millet, beans, yam, maize, rice, cowpea, sweetpotato and groundnut. The manual contains over 50 fact sheets. Each describes the cause of a problem, provides key information on the biology and behaviour of the pest or disease, and gives advice on management.
